

BREEDON HALL

## Bridal Launches

---

When booking out the Hall (& sometimes the Mews as well) for your bridal party our 'role' as a traditional bed & breakfast hostelry necessarily has to change.

This is because, after experiencing many brides passing through our portals, we have learnt that we have to operate more as a hotel.

This means being more at hand to ensure that everyone – and especially the bride herself – has everything they need, from hair driers and extra chairs for the hair & make-up lady, to more glasses of bubbly, to where can I put all these flowers/gifts, and can someone show the photographer around the house etc? There can be a lot to do and it all needs staffing!

Consequently we are obliged to point out that we might have to charge extra for:

- **Staffing & Housekeeping.** Additional cleaning & tidying is often the outcome of a bridal launch! Whereas we don't like to charge any extra than we would for normal occupation, sometimes we find ourselves doing rather more than we should! If this becomes the case we hereby advise that we may add a supplementary charge to your final bill, the amount dependent on scale!
- **Corkage.** We are a licenced premises and a fair proportion of our profits come from the sale of alcohol. We are delighted if you wish to bring your own bubbly and/or wine, and we'd also be delighted to chill it for you, but we shall have to charge you £8/bottle corkage as any licensed venue would.
- **Parking.** We have ample parking but find that we occasionally discover that we are providing space for a lot more vehicles than could be accounted for by residents! If your friends not resident on site wish to leave their cars here, please inform us, not least because sometimes the cars are left here as their owners recover from the celebrations! We won't charge them either, it's more of a courtesy to us really.
